Meet Connie Sue, Matty's longtime friend. She's a gadget magnet.

Meet Johnny Peanut, Matty's gadget magnet partner who can't keep his hands off of new gadgets of any kind.

Now meet *Matty*. He's the gadget magnet investigator.

Matty won't just take a gadget apart and put it back together. Nope, its not that easy—he's going to break it to make it better, and I tell you what, it won't be the same when you get it back.

MATTY'S WORLD

Welcome to Matty's world: his room, well what's left of it anyway. He lives in a room of gadgets, mainly because he's broken them all and he can't return any of them yet—not until he fixes the tics, he's caused in an effort to make them work better.

His gadgets are everywhere, but somehow, he doesn't see the big mess he's caused.
